

## **AQUEOUS HIGH GLOSS COATINGS**

### **STARKOTE AQ-25**

Starkote AQ-25 is a high gloss work & turn coating and has the added benefit of being a combo primer and coating. Starkote AQ-25 provides a "unique" combination of gloss & dry speed, making it the highest gloss work & turn coating.

### **STARKOTE AQ-63**

Starkote AQ-63 is formulated to provide super high gloss for two-sided work. Starkote AQ-63 has a combination of excellent gloss & rub resistance and has a slide angle of 17 Degrees with increased slip for easy handling. Great for folding carton work requiring high gloss.

### **STARKOTE AQ-366**

Starkote AQ-366 is formulated to provide a combination of high gloss & dry speed for folding cartons and every day general purpose requirements. Starkote AQ-366 is a versatile coating which provides excellent rub resistance & runnability with a variety of inks & substrates. Starkote AQ-366 has a superior film formation & leveling on high-density inks and is especially effective in eliminating mud cracking.

### **STARKOTE AQ-454**

Starkote AQ-454 is formulated to provide super high gloss for one-sided work. Starkote AQ-454 represents a breakthrough in coating technology and offers the highest gloss available in Aqueous Coating technology. Starkote AQ-454 is ideal for folding carton and label work, which requires exceptional gloss levels.
