

## AQUEOUS SATIN COATINGS

### STARKOTE AQ-20

Starkote AQ-20 is a "Low VOC" Satin Primer formulated to lay smoothly on both high quality commercial work and cosmetic packaging. Starkote AQ-20 has the flexibility to be run as a Satin Work & Turn coating or a satin primer with a gloss level of 40°. Starkote AQ-20 as an added benefit is both Foil Stampable & UV Coatable while also providing a satin finish.

### STARKOTE AQ-363

Starkote AQ-363 is a "Low VOC" Satin overprint coating designed for high quality commercial work and cosmetic packaging. Starkote AQ-363 has a Gloss Level of 30°. Starkote AQ-363 minimizes Color Shifting that is commonly associated with sensitive ink pigments.

### STARKOTE AQ-520

Starkote AQ-520 is a "Fast Drying" Satin overprint coating for Work & Turn for non-absorbent substrates such as plastics and foils. Starkote AQ-520 sets quickly and provides exceptional block resistance on non-absorbent substrates.

### STARKOTE AQ-533

Starkote AQ-533 is a Work & Turn Satin high performance coating formulated to lay smoothly on high quality commercial work & labels. Starkote AQ-533 is specially formulated to provide non-streaking & non-curl properties on low weight substrates.

### STARKOTE AQ-2040

Starkote AQ-2040 is an extremely smooth Satin Finish Satin Overprint coating for high quality commercial work and cosmetic packaging. Starkote AQ-2040 has a gloss level of 45°. Starkote AQ-2040 is designed with a combination of exceptional mechanical stability & runnability.
