

PLATE CLEANERS

CTP PLATE CLEANER

Formulated specifically for compatibility with CTP plates
Deep Cleans and removes scratches on the most sensitive plates
Excellent short-term protection and desensitizing

PLATE CLEANER FINISHER

Effective protection for both the image and no-image area
Cleans and gums for short to medium storage
Good water re-solubility after long-term storage

PLATE RESCUE

An alkaline based scratch remover and desensitizer for solvent based plates
Removes scum, toning, oxidation, and gum streaks and can be applied "on the fly"
Must be rinsed with water to prevent blinding, and can also be used to treat a honed area

TERMINATOR PLUS

Heavy-duty emulsion of cleaners and surfactants designed to remove plate scratches
Incorporates a unique combination of abrasives and gums to clean and protect
May be a bit harsh for certain types of CTP plates

TOTAL RECALL

Asphaltum based product used to clean and gum plates for Long-Term storage
Ensure superior protection and has excellent re-solubility during roll-ups
Stays open longer, allowing a more uniform coating to be applied to the plate

BLUE STAR

All purpose plate cleaner compatible with all types of plates
Effectively cleans and provides short term plate protection
Cleans and desensitizes chrome and metering rollers as well

METAL PLATE CLEANER ADDITIVE

Fount Circulator for metal plates requiring stronger desensitizing
Improves the runnability of metallic inks
Keeps screens and reverses open on difficult work
